LEADERSHIP SERIES

Give your employees the benefits of Temple's exceptional professional training—experienced by hundreds of students our various Leadership Series since 2018—**coupled with a unique opportunity for learning in an affinity group environment!**

Despite companies' best efforts and intentions to hire, retain and promote a diverse workforce, research shows that people from diverse backgrounds are still more likely to leave their organizations due to feeling less supported. Created in response to the need for effective professional leadership development training that also centers LGBTQ+ employees' experiences and unique challenges in the workplace, the LGBTQ+ Leadership Series prepares future leaders for promotion into management and executive roles with our exceptional and inclusive curriculum.
